OFFICIAL CHRONOMETER CERTIFICATION

We hereby certify that for fifteen days and nights, in five different positions and at three different temperatures, the movement of this Rolex Oyster Perpetual has successfully endured all the time-keeping tests instituted by one of the seven Swiss Institutes for Official Chronometer Tests. This movement has therefore earned the title of Officially Certified Swiss Chronometer.

Following these rigorous tests, the movement and the case have passed a final thorough examination in our own laboratories. This Rolex Oyster Perpetual has therefore earned the title of Red Seal Chronometer certified by the words "Superlative Chronometer Officially Certified" on the dial and by the Rolex Seal attached to this chronometer.
